Los Angeles, CA | (415) 238-4062 | rohanswami@ucla.edu | [/in/rohanswaminathan](https://www.linkedin.com/in/rohanswaminathan) | [swami3.com](https://www.github.com/swami3)

Education

University of California, Los Angeles (UCLA) Expected June 2030
Bachelor of Science, Mathematics of Computation
Relevant: San Francisco University High School '26 (3.99 UW / 4.58 W GPA, 1550 SAT, AP Scholar with Distinction)
Stanford University, Summer Quarter June 2025 – Aug 2025
Pre-college student; 8-week residential intensive for full college credit GPA: 4.11/4.00
Relevant Coursework: MS&E 20 Discrete Probability (A), CS 193C Client-Side Internet Technologies (A+)

Experience

SWAMI 3 San Francisco, CA
Co-Founder, Lead Songwriter & Web Manager 2017 – Present
• Co-founded a pop-rock band with my two brothers; lead all songwriting, rehearsals, and the band website
• Grew a revenue-generating audience of 1.4M+ YouTube subscribers and 300M+ views; released 10+ originals
• Played Chase Center; headlined Case Western's bicentennial; featured in the SF Chronicle and on KTVU FOX 2
CODE NINJAS San Francisco, CA
Code Sensei (Instructor) May 2026 – Sept 2026
• Designed and led an original cybersecurity camp for kids 5–11, plus Roblox and Scratch game-design camps
• Coached 16–20 students through the Scratch belt curriculum; kept parents updated on progress and next milestones
BREAKTHROUGH SUMMERBRIDGE San Francisco, CA
Teaching Fellow Aug 2024 – Mar 2026
• Selected to design and co-teach math, engineering, and writing lessons for 32 underserved 7th and 8th graders
• Refined curriculum weekly with co-teachers; helped several students earn offers from selective high schools
MODE TO CODE SF & Remote
Web Development Instructor Sept 2023 – May 2025
• Designed and taught 4-week web development programs for middle and high schoolers in SF and remotely in India

Projects

AI AVATAR OF AUTHOR & SAGE GROUP CSO Summer 2024
• Built an [AI replica](#) of my father (*Digital@Scale* author, ex-McKinsey partner) that answers questions in his voice
• Paired an AI Studios avatar trained on his footage and voice with a Botpress chatbot grounded in his book
STRAVA TO GOOGLE CALENDAR SYNC Spring 2026
• Built an OAuth app that logs each day's Strava workouts to Google Calendar; iterated on a first user's feedback
GRAPHING CALCULATOR & COMPETITIVE PROGRAMMING 2023 – Present
• Built a bidirectional JavaScript [graphing calculator](#) that also derives equations from user-drawn curves
• Led team strategy at UC Berkeley's CALICO contest (2 Bronze Awards); solved 30+ Project Euler problems

Activities

SCHOOLHOUSE.WORLD & CCSC VOLUNTEER MATH TUTOR Sept 2023 – Dec 2025
• Certified tutor; led an 8-session SAT Math bootcamp and taught weekly online math lessons to 2nd graders
